

Hammer...

By Dylan

“Get it off me!” Wally screamed, “Help me get it off!” Wait a second, this story is going way too far to start off with. Let me go back a bit.

Wally Boogerson is into myths and legends, Filliette Higgleberry is a prank master and these two are best friends. But one odd day, Filliette wants to try and do the ‘best prank ever’ on Wally, so she goes and asks Wally to come to ‘her’ house, but she actually takes him to an abandoned mansion in the middle of The Woods of Billy Jigsaw. “Hey Wally!” she yells, “wanna come to my house?”

“Yeah!” Wally exclaimed, “why wouldn’t I?”

“I don’t know.” Now, Filliette’s prank was to terrify Wally by dragging a hologram machine into the mansions’ master bedroom the day before. The machine was going to create holographic ghosts and pretending to haunt him. The machine would turn on by the click of a portable button that Filliette will have in her pocket.

When they arrived at the mansion, Wally looks in shock. “Y, y, y, you live here?” He asks as he slowly turns his head to Filliette. “Yeeaaaahhh,” Filliette says in sarcasm “why?” “This is AWESOME” Wally replied in excitement, “I never knew this, let’s go inside!” As they walked in, Filliette remembered where the rooms were because she examined each of them the day before.

She showed him the kitchen first. “Wow,” Wally bragged “how do you cook in here, it’s so dusty and rusty in here?”

“I don’t,” Filliette replied, “there is a third story with completely new things in it, this is the old owners story, and the second one.”

The next room was the bathroom. “The exact same, old, dusty and rusty.” Wally said.

“I know,” Filliette replied “there’ye all like this.”

Next she showed him the lounge room and so on. The final room was the master bedroom. Filliette couldn’t wait that she almost gave it away. “So this is the final room on the first floor,” Filliette answered.

“Well this is the dustiest room of them all,” Wally said as he examined the spider webs on the roof.

“There’s also another room, but it’s in the cellar, we’ve never been in there, way too scary.” Then she clicked the button in her pocket very slowly, because she knew the button made a noise if you clicked it hard and Wally would notice. When she clicked the button, the hologram machine didn’t turn on. Filliette was starting to give up hope that she was going to do the ‘best prank ever’. She tried to click the button again but a bit faster, but not too fast. It didn’t work. Filliette began to rapidly click the button furiously and realized it was jammed, but Wally was curious of what she was doing. “Filliette?” Wally asked “what are you doing?”

“Ooohhhhhhh,” Filliette cried.

“What’s ooohhhhhhh?” Wally asked.

“It’s not working,”

“What’s not working?”

“The prank,”

“What prank?”

“I was supposed to scare you with this hologram machine,” Filliette says to Wally as she shows him the machine “I had to click this button, and I did, but the button was jammed so it didn’t work.”

“Well how about you show me how you were going to scare me and I will pretend you didn’t tell me,” Wally suggested.

“That would be nice,” Filliette said with her eyes about to erupt with tears “so first you would need to click this button.”

“Can you click it?”

“I’ll try but it was jammed befo-” When Filliette clicked the button, she was interrupted by a sudden collapse of the carpet they were standing on.

“AAAAHHHHHHHHH!” They both yelled simultaneously as they are falling through a pitch black hole. “AAAAAAWWWWW!” They keep screaming the whole way down. Then all of a sudden, they land head first on the ground and get knocked out...

When they wake up, they both have really bad head aches and start moaning in pain.

“Where are we?” Wally moans to Filliette.

“How should I know?” Filliette replies.

Wally gets up straight away. “Wait, you mean you don’t know where we are?”

“Yes, that’s what I just said.”

“Wasn’t this part of the prank?”

“No, and why can’t I see anything?”

“Maybe it’s because the lights aren’t turned on, nah-duuhh.”

“Oh.”

“Where is the light switch?”

“Then again, how should I know.” Then the lights turn on and they can’t see anything at first but then it’s all clear, they’re in an old, bloody bathroom...

“Wally,” Filliette asked “what’s that on your head, I think it’s a head crushing machine.”

“I have no idea,” Wally cried “but I don’t think it’s something good.”

“Stop, stop, it won’t come off, the more you do it the harder it becomes.” They have a look around and find torn away skeletons, blood everywhere and a TV high on the wall.

“Why is there a TV on the wall?” Wally questions Filliette.

“Yet again, how should I know?” Then the TV turns on and a man in a suit with a white mask with red circles on his cheeks appears on the TV.

“Hello,” the mysterious man said in a raspy voice “I’m Billy Jigsaw, your worst **nightmare**.”

“Wait,” Filliette asked “you mean your **the** Billy Jigsaw?”

“Yes.” Billy answered.

“The one that used to own the house we were in?”

“Yes and I still do,” Billy said in a dark and raspy voice “you’re in the cellar.”

“Ooohhhh, so this is the cellar,” Filliette said in surprise.

“Yes,” Billy said “and now, to save your friend, you need to find a key to take off the head set your friend has on his head that will command two hammers on the sides of the machine go at 200km an hour in 60 seconds.”

“Get it off me!” Wally screamed, “Help me get it off!”

“Does this help?” Billy said while showing an x-ray of Filliette’s mouth. He showed this because underneath Filliette’s top left molar, was the key to the head set Wally had on.

“No,” Filliette said in confusion “it doesn’t help.”

“How about this,” Billy said. He clicked a button that made a pair of tweezers fall from a panel on the roof, to the floor. Filliette picked them up, “Do you want me to pull my tooth out, so I can get the key underneath my tooth?”

“Exactly...”

Filliette got really terrified. "Just do it!" Wally screamed "I've got twenty seconds!" She put the tweezers in her mouth and remembered something. "Wait, this tooth is my wobbly tooth, I've been trying to pull it out for ages, and now is my chance!" "Just do IT!" Wally shouted. Filliette pulled the tooth out and it didn't bleed because all the other times she tried to pull the tooth out, it would always bleed. "Done," Filliette said in happiness. She ran to Wally and tried to find the key hole and she did. She saved Wally with three seconds left on the clock. "Oh my gosh," Wally said in the happiest voice "you saved MY LIFE!" "I'm so glad that's done," Filliette said. "Congratulations," Billy said, as they both turned their heads to the TV "you passed my challenge." "YEAH!" they both screamed. "I came down here to keep my identity safe," Billy said in a normal voice "because you came yesterday, so I had to go somewhere, so I came here. I set a trap in the house so I could make sure you don't tell anyone about the house." "So what are you going to do now?" Wally asked in confusion. "I am going to brain wash you make you not remember any of this," Billy said. He brainwashed them and he took them outside the mansion, then he got back to his cellar to live there.

When Wally and Filliette got up, Wally looks in shock. "Y, y, y, you live here?" He asks as he slowly turns his head to Filliette. "Yeeaaaahhh," Filliette says in sarcasm "why?" "This is AWESOME" Wally replied in excitement, "I never knew this, let's go inside!" ...
